

# The Evakool Ice Box Family

## Features

### 100% Australian Made.

#### Construction

- Moulded fibreglass walls bonded with the best quality refrigeration insulation foam specially formulated for Evakool.
- 40mm thick walls provide Evakool Iceboxes with their strength and legendary insulation.
- No joins on the inner walls ensure there are no areas to allow bacteria growth.
- White high gloss smooth finish reflects the heat, easy to clean, hygienic, will not absorb smells or tastes.
- 48mm thick lids with extra strong nylon hinges that allow the lid to be detached.

#### Insulation

- Evakool uses a specially formulated Polyal-ISO SPF, high density polyurethane foam. The foam is injected under pressure between the inner and outer moulded fibreglass skins creating a perfectly laminated bond.

#### Fittings

- Handles, hinges and bung are made from a strong nylon compound and designed with comfort of use and strength in mind.
- Hinges are detachable for ease of cleaning.
- Bungs have a straight through drainage feature to avoid leaks and an external thread to prevent bacteria growth.
- Easy to use latches provide constant lid pressure.
- Protective reinforced corners for extra protection.
- Food quality lid sealing foam.
